WS-I Base Classes

<!-- --> <!-- -->

Table of contents

1. WS-I Base Classes

- **WSRP Factory Creates**
  - WSRPDescriptionValidatorImpl
  - WSRPMessageValidatorImpl

- **BaseValidatorImpl does the high level assertion processing**
  - creates AssertionProcess for each testAssertion in the Profile
    - Class assertionClass = Class.forName(classPrefix + testAssertion.getId());
  - Handles prerequisite processing
  - invokes validate()
