--	---

1. Running the Specialized Portlet

- **Configure the Producer to host the Specialized Portlet.**
- **Start the Producer.**
- **Configure the Consumer to put the Specialized Portlet onto a page.**
- **Start the Consumer.**
- **Start the Monitor (bin/Monitor.bat).**
- **Start a browser, such as Firefox.**
- **Open the URL for the Consumer.**
- **The Specialized Portlet will render a small form and then run by itself.**
- **Stop the Monitor by typing "exit" in the window.**
- **Start the Analyzer (bin/Analyzer.bat).**
- **View the report (logs/AnalyzerLog.xml) in a browser.**
