1. Prerequisites, contâ€™™d

- **Eclipse.org**
 - Download Web Tools 1.0.1 from:
<http://www.eclipse.org/downloads/download.php?file=/webtools/downloads/drops/R-1.0.1-20060217>
 - Unpack Zip File
 - Copy from: eclipse/plugins/org.eclipse.wst.wsi_1.0.1.v200602030355.jar to:
wsrptk/lib
 - Note: the name of this jar file has changed over time. You may have wsi-core.jar and wsi-validate.jar already on your system if you have previously installed Web Tools. These jars **should** work also.
